

Motorist Safety... **KNOW** - that yellow flashing lights signal a school bus is preparing to stop. Red flashing lights and a stop sign indicate the bus is stopped and children are entering or exiting.

MOTORISTS - who approach a school bus with the yellow warning lights activated are required to reduce speed to 25 mph.

Motorist Safety... **COME TO A COMPLETE STOP** when the school bus driver activates the red flashers. Drivers must remain stopped until the school bus resumes motion.

Motorist Safety... **NEVER** pass a school bus that is stopping or stopped to load or unload children. It is unsafe and illegal.

WHILE WAITING - for the bus, Dress right for the weather

MEMORIZE - your home address and phone number. In case of an emergency, call 911

LOOK - Left, right and left again before exiting the bus or crossing the street.

School Bus Boarding Safety... **DO NOT APPROACH THE BUS UNTIL** it stops completely, then wait for the driver's signal.

PRACTICE good behavior on and off the bus. Don't get talked into breaking the rules.

School Bus Safety... **ALWAYS** obey school bus rules. Remain seated throughout the ride and keep your arms, hands and head inside the bus.

School Bus Safety... **LET** - younger students go first. Enter and exit the bus in a single-file line.

MAKE SURE to keep your hands to yourself at all times while riding on the bus.

IF you cannot see the bus driver, the driver probably cannot see you. Take five giant steps away from the bus, and you should be able to see the driver, and the driver should be able to see you.

X MARKS - railroad tracks. Be silent when a bus comes to a railroad crossing, so the driver can hear if a train is coming.

WHENEVER POSSIBLE walk with others from your school to and from the Bus Stop!

LOOK BOTH WAYS - before crossing the street. Never run back to the bus, even if you have forgotten something.

After School Safety... **QUICKLY CALL 911** if there is a fire or you smell smoke, leave the house immediately and go to a neighbor's house for help.
